4:00 – 4:15 Evaluations, CEU's, Certificates of Attendance

This year's keynote speaker is Dr. Sandra Haymon. In this powerful presentation you will learn how to take care of yourself first and achieve life balance so you can be there for those you love.

Dr. Haymon's approach to Caregiving will literally transform your life. Learn how to embrace the journey of Caregiving as your personal and sacred journey that has little to do with the person you're caring for.

Get off the emotional roller coaster of Caregiving and never feel guilty again.
